

SENIOR
EXECUTIVES
ASSOCIATION

SEA Mission: SEA is a professional association that:

Promotes good government initiatives and practices that empower senior executives and federal leaders for mission success.

Advocates for legislation and policies in the interests of the federal career senior executive service.

Facilitates networking opportunities for, and with, federal governmental leaders, and

Connects current, rising, and aspiring leaders with continuous professional development opportunities.

SEA Guiding Principles:

Service – Excellence - Accountability

Cyber/Security Community of Practice:

Advancing Professional Knowledge – Advancing professional knowledge of Cyber/Security best practices across aspiring, current, and retired government leaders and with experts from the academia and the private sector.

Facilitating Dialogue and Networking - Promoting opportunities for candid dialogue and networking between professionals in Cyber/Security fields.

Identifying Common Challenges, Best Practices, and Solutions – Identifying common challenges amongst Cyber/Security leaders, sharing best practices, and proposing solutions for adoption government-wide through challenges in policy and/or through Congressional action.

SEA Cyber/Security Community of Practice (COP) Charter:

Purpose Statement:

The SEA Cyber/Security Community of Practice (C/S COP) is formed to work with stakeholders to enhance the collective knowledge and effectiveness of Cyber/Security professionals across the government, contributing to the development of more streamlined and robust Cyber/Security practices within the Agencies. The Cyber/Security Community of Practice is inclusive of those who work in the following fields and roles: information technology (CIO), chief information security officer (CISO), chief security officer (CSO), (CI) counterintelligence, and/or other security disciplines and/or other professionals within these disciplines.

Goals:

1. Prepare and support communities by disseminating information and providing a minimum of two professional development sessions annually to assist with career advancement.
2. Host quarterly Cyber/Security COP meetings to facilitate the exchange of information, insights, and experiences to deepen the collective understanding of Cyber/Security challenges.
3. Collaborate with federal agencies to assist agencies with actively seeking an adequate pool of qualified candidates for the Senior Executive Service (SES), SES Candidate Development Programs (SESCDP), Senior Level (SL), Scientific or Professional (ST), and other senior leader positions.

Membership & Term:

Communities of Practice (COPs) are established by the Senior Executives Association (SEA) Board to advance specific professional areas of interest and are led by SEA members.

COPs are under the supervision of the SEA Board of Directors, working collaboratively with SEA members and key stakeholders.

COPs will be co-chaired by two SEA members who volunteer to be administrators in each COP. Their sole goal is to ensure that the members of the COP are engaged and share experiences. The terms of the administrators will be for a period of one year from April 1st to March 31st by a vote of the COP membership.

The COP will appoint a recording secretary, serving a one-year term from April 1st to March 31st

The Cyber/Security COP is open to all SEA members in good standing, who may elect to join the Cyber/Security COP on an on-going basis, for a term of 12 months. The Cyber/Security COP may establish sub-committees, as needed, and may partner with additional organizations or invite non-SEA members to participate in meetings as necessary.

Responsibilities of the Committee:

The Cyber/Security COP will meet at least quarterly. The Cyber/Security COP Co-Chairs will keep a copy of the meeting minutes and share the minutes with the Cyber/Security COP members and the Board Secretary. The Cyber/Security COP Co-Chairs will provide quarterly updates for the SEA Board meetings, as requested. The Cyber/Security COP Co-Chairs will provide quarterly updates, or as requested, for SEA's newsletter and participate in COP Administrators meetings, providing updates as needed.

The Cyber/Security COP will review the charter annually and recommend any proposed changes to the Board for review. The Cyber/Security COP Co-Chairs may participate in

congressional briefings as appropriate to provide updates on HR and critical initiatives to Capitol Hill staff.

Authority:

The Cyber/Security COP has no expressed or implied power or authority for SEA, other than that explicitly granted it by the SEA Board. The Committee may not speak on the record for SEA, nor may it expend any funds without the expressed prior consent of the Board. This charter is the collaboration of the Committee members led by the Cyber/Security COP Co-Chairs.
